

RESEM GROUP

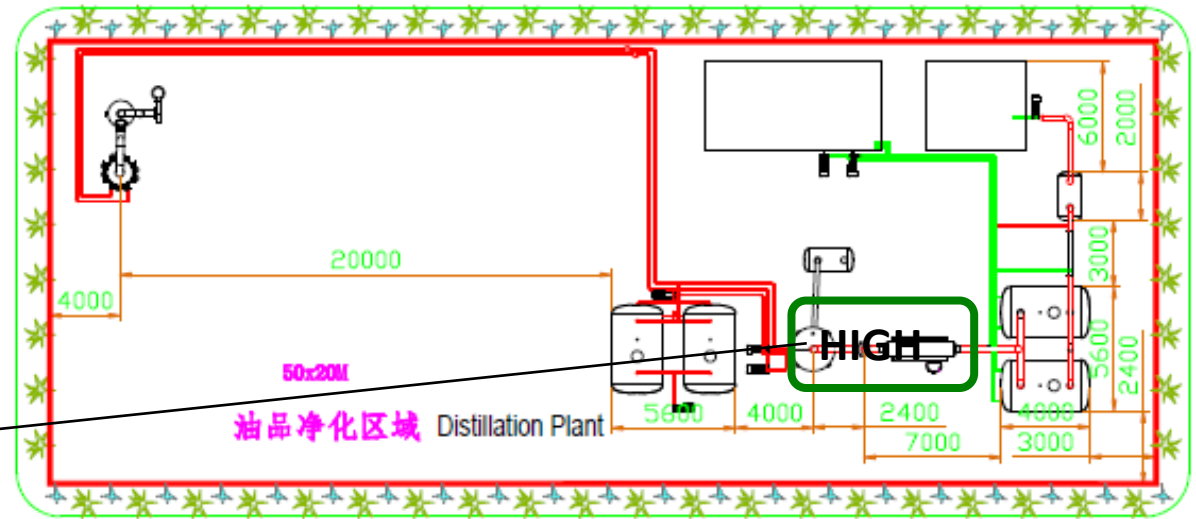

A Leading Pyrolysis Plant Manufacturer

SALES DIRECTOR:
MARK ZHANG
sales@pyrolysisoil.net

10 tons Distillation plant: 50m × 20m

HIGH(7m):10m* 2m

20 tons pyrolysis plant: 40m × 26m

HIGH(7m):15m* 10m

Machinery and worker

- **3 welder** on installation time.
- **3 helper** during installation.
- **3 welding machine** for welding machine parts.
- **Crane** for machine installation providing by you.

Cost of the Plant

	2× Pyrolysis plant	Distillation plant
Electrical (KW/H)	50	30
Water (T/D)	1.5	1
Coal (T/D)	0.8	0.6
Labor	3	3

Why Chose Us?

- ❖ Found in **1999**, **15 years'** Experience .
- ❖ Sino-American company with **USA technology**.
- ❖ **489** Pyrolysis Plants over **69** countries.
- ❖ **ISO 9001:2008, ISO14001 2004** Certified.
- ❖ Passed the **CE** certification.
- ❖ Facetory: Area of **30000** square meters.
- ❖ **35** professional engineers with rice installation and commissioning experience.
- ❖ Monthly production capacity exceeds **30 sets**
- ❖ Safe: **No** charcoal leakage, no smell, no hazardous emission, no health hazards to factory workers
- ❖ **Turnkey** solution: manufacturing, supplying, installation, commissioning, training.

- Leading Manufacturer of waste **plastic** and **tire** pyrolysis plants in China.

Turnkey Solution:

- Machinery Design >> Fabrication >> Installation & Commissioning >> Technology Transfer and Training
